

BIG RUSH TO TAKE \$10 CERTIFICATES IN LIBERTY LOAN

Indications That New York's
Subscription Will Be Great-
er Than Was Expected.

Official announcement was made today that New York's over-subscription to the Liberty Loan would exceed any of the figures thus far put out. A statement to that effect was made by Arthur M. Anderson, Executive Manager of the Liberty Loan Committee.

"I will not indulge in figures," Mr. Anderson said, "but the totals, when given out by the committee, will exceed all expectations. The showing this district will make will be typical of New York."

The demand for \$10 participation certificates, put on sale today at the Liberty Loan Committee headquarters, No. 10 Wall Street, also brought forth optimistic expressions from Mr. Anderson.

"While the sale of \$10 certificates is limited to lots of \$1,000 or over, the hearty response from the greatest industrial corporations and railroad companies indicates that they will serve not only a patriotic purpose, but a most useful one," Mr. Anderson said. "It is not at liberty to say what corporations have taken them at the request of their employees. I do know that on Saturday, which is pay day with the corporations in question, thousands of certificates will be placed in circulation."

Three of the city's largest banks will sell certificates in small lots so that the owner of a small business will not be compelled to buy in \$1,000 lots. Department stores will take large blocks. Patrons desiring a part or all of their change in \$10 certificates may have them for the asking.

A preparedness rally at which plans for the whirlwind finish of the Liberty Loan campaign was held this afternoon by the Merchants' Association in the Bankers' Club. More than one thousand business men attended and heard Frank A. Vanderlip, Otto H. Kahn and Thomas W. Lamont speak on the plans for the last week of the campaign. Mr. Vanderlip announced that the totals for this district probably would come from Washington a day after the books closed.

The activities of the present week will be fittingly concluded to-night by a series of meetings in nearby communities. At 8 o'clock speeches will be made by representatives of the Speakers' Bureau of the Liberty Loan Committee in Irvington, N. J., Newburgh, N. Y., Girls' High School Brooklyn, University Settlement, No. 14 Eldridge Street, Russian Men's Club, Westerville, S. I., Fort Washington Club, One Hundred and Eighty-first Street and St. Nicholas Avenue. Congressman Bennett will speak at the latter meeting which will be held outdoors weather permitting.

At noon today there were meetings of B. R. T. employees at the Thirty-sixth Street car house, H. M. Randall of the Montauk Bank and Mrs. Townsend, who organized the campaign into a Liberty Loan Club, spoke. More than \$10,000 worth of bonds were sold. A noonday meeting at the J. Spencer Turner Co. House, No. 2 Worth Street yielded \$5,000 in subscriptions from employees.

More than three hundred vaudeville theatres are to take up the Liberty Loan campaign. About thirty per cent of the entire population, it is estimated by E. F. Albee, general manager of the circuit, will be reached. The plan is to secure the best local speakers in each city and offer them the best "spot" on the bill to urge Liberty Loan buying.

A million copies of the Liberty Loan campaign book reached committee headquarters this morning. In fifty pages prepared like Presidential campaign books, the story of Liberty Bonds is told. The various easy payment plans are also outlined. More than 10,000,000 copies have been printed for circulation in every Reserve Bank district.

AUSTRIANS DEMAND PEACE; KING TALKS OF "CONCILIATION"

Demonstration in Vienna as
Charles Wants "Victory of
Reason" to End War.

COPENHAGEN, June 1 (via London).—Reports from Vienna say that simultaneously with the opening of the Austrian Parliament thousands of workmen ceased work and attended meetings in different parts of the city. A great procession was organized which paraded the streets as a demonstration for peace.

Austrian despatches to the German papers give the impression that the Hungarian crisis is gradually working in the direction of a dissolution of Parliament and new elections. In the interim a minority ministry would hold office and Count Andrássy is mentioned as a possible head for such a Cabinet. Unless the Hungarian electoral practices are changed the Cabinet in power during the elec-

tions would probably emerge with a majority.

King Charles desires a universal secret ballot. Count Tisza, former Premier, advocates a restricted and involved suffrage, perpetuating Magyar dominance.

AMSTERDAM (via London), June 1.—According to a Vienna despatch today, the Polish Club has decided to authorize Deputy Daszynski to introduce an urgent motion in the lower house of the Austrian Parliament declaring both the belligerent parties now recognize the right of nations to govern themselves as the foundation of a lasting peace.

In opening the Imperial Reichstag yesterday King Charles invited peace in these words:

"The great neighboring people to the east, to whom old friendship united us, is gradually becoming conscious of its true aims and tasks, and it lately appears to approach this standpoint and seek from an obscure impulse a direction of policy which will save the treasures of the future before they have been devoured by a senseless war policy. We hope that in the interest of humanity this process of internal reformation will manifest itself externally in a strong development of will, and that such enlightenment of the public mind will also extend to the other enemy countries."

"While our group of powers is fighting with irresistible force for honor and existence, it is, and remains toward every one who honestly abandons the intention to threaten

us, readily prepared to cease hostilities. Whoever wishes to reopen better and more human relations will certainly find our side ready in a conciliatory spirit. In the mean time, however, our fighting spirit will not relax; our sword will not become blunt."

"In true co-operation with our old ally, the German Empire and the allies whom our just cause won during the war, we shall remain ready to force, if necessary by arms, a good end to the war, which we would like

to be able to attribute to a victory of reason."

MEXICO CITY, May 31 (by mail).—Hereafter singing will be part of the instruction given the Mexican army. The soldiers will be taught marching songs and also will be given instruction in chorus singing. The enthusiasm caused by the singing of some of the soldiers during the reviews incident to the celebration of Gen. Carranza's inauguration and the celebration of the national holiday on May 5 was responsible for this decision by the Department of War.

Corns Stop Hurting, Then They Lift Out With Fingers

No pain or soreness! Corns and calluses
just shrivel up and lift off. It's foolish
to let a corn ache twice.

A noted Cincinnati authority discovered a new ether compound and called it frezone and it now can be had in little bottles for a few cents from any drug store.

You simply apply a few drops of frezone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can just lift it off with the fingers.

No pain, not a bit of soreness, either

when applying frezone or afterwards and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses just shrivel up and lift off so easy. It is wonderful! It works like a charm. Try it!

Women should keep frezone on their dressers and never let a corn ache twice. If a corn starts hurting just apply a drop. The pain stops instantly.

Genuine Frezone is only sold in little bottles packed in a round, wood case.—Advt.
